## TECHNICAL GUIDE NOTICE WY - 82

**Purpose:** This notice transmits the following revised conservation practice standards in Section IV FOTG:

Bedding 310,  
Irrigation Canal or Lateral 320,  
Clearing and Snagging 326,  
Dike 356,  
Diversion 362,  
Pond 378,  
Dam 402,  
Grade Stabilization Structure 410,  
Hillside Ditch 423,  
Irrigation Water Conveyance, Ditch and Canal Lining, Galvanized Steel 428c,  
Irrigation Storage Reservoir 436,  
Land Reclamation, Toxic Discharge Control 455,  
Irrigation Land Leveling 464,  
Pipeline 516,  
Pumping Plant 533,  
Spring Development 574,  
Open Channel 582,  
Structure for Water Control 587,  
Surface Drainage, Main or Lateral 608,  
Watering Facility 614,  
Waterspreading 640

Dam 402, replaces existing practice standards on Dam, Floodwater Retarding 402, and Dam, Multi-Purpose 349. Most of the revisions to the practice standard content is a result of changes to the National Conservation Practice Standard and recommendations from Northern Plains technical review.

Remove the following conservation practice standards: Dam, Multi-Purpose 349, Floodwater Diversion 400, Floodway 404, Land Reclamation, Highwall Treatment 456, Land Reclamation, Fire Control 451, Pond Sealing and Lining, Asphalt Sealed Fabric Liner 521E, Pond Sealing or Lining, Cationic Emulsion Water Borne Sealant 521D, and Pumping Well Drain 532.

(More)

**Effective Date.** This notice is effective when received.

**Filing Instructions:** Retain the outdated paper copy of your current Section IV conservation practice standard for archival purpose. The revised conservation practice standards are electronically filed in the Wyoming eFOTG at this site:
